**Appointment for EBUS at Trafford General**

Name

Hospital Number:

Arrangements have been made for you to have an EBUS test performed. This will be on

Day:

Please arrive at:

Please report to the **Endoscopy Unit**. This is in the **Park Unit at Trafford General Hospital**, Entrance 8, please see the attached map.

The procedure is performed as a day case meaning you should be able to go home the same day. **You will need someone to accompany you and to take you home as you will be unable to drive. Due to the sedation we will give to you, you will need to have someone staying with you overnight after the procedure.**

Information about the procedure is provided in the attached leaflet.

You should not have anything to eat or drink 6hrs before on the day of the EBUS. You can take your usual morning medications with a sip of water. If you take treatment for diabetes or anticoagulation please contact the Respiratory Nurse Specialist or the EBUS Co-Ordinator on the below numbers

**Please be aware you could be in the department for up to 4hrs**

Should you have any queries about the EBUS, please contact the Respiratory Nurse Specialist.

Yours Sincerely

Dr B Teng, Dr H Al-Najjar, Dr M Qasim, Dr K Khan

### Appointment for EBUS at MRI

Name

Hospital Number:

Arrangements have been made for you to have an EBUS test performed. This will be on

Day:

Please arrive at:

Please report to the Endoscopy Unit. This is on the **second floor of the purple zone at the Manchester Royal Infirmary.**

The procedure is performed as a day case meaning you should be able to go home the same day. **You will need someone to accompany you and to take you home as you will be unable to drive. Please bring their telephone number with you as you will be asked for this on admission. Due to the sedation we give you, you will need to have someone staying with you overnight after the procedure.**

Information about the procedure is provided in the attached leaflet.

You should not have anything to eat or drink 6hrs before on the day of the EBUS. You can take your usual morning medications with a sip of water. If you take treatment for diabetes or anticoagulation please contact the Respiratory Nurse Specialist or the EBUS Co-Ordinator on the below numbers.

**Please be aware you could be in the department for up to 4hrs**

Should you have any queries about the EBUS, please contact the Respiratory Nurse Specialist.

Yours sincerely

Dr B Teng, Dr H Al-Najjar, Dr M Qasim, Dr K Khan
