

Greater Manchester Cancer Pathway Board Work Programme 2023.2024						 Greater Manchester <small>Greater Alliance</small>		
GM Cancer Pathway Board: Lung		Clinical Lead: Matthew Evison / Louise Brown (from 01/07/2023)	Pathway Manager: Jane Cronin					
Link to NHS Long Term Plan/Planning guidance	Deliverable SMART (describes what the PWB is going to deliver)	EOA completed (Y/N, year or N/A)	Measure SMART (the output evidence that the deliverable is completed)	Responsibility - Named lead i.e. a PWB member designated lead	Completed by end of (month/year) in year, i.e. by 31/3/24	RAG Status once complete, add complete to green RAG status & keep on the work once.	Date last updated (monthly)	Comments add only if RAG status is amber/red (include mitigatory plans in place)
Early Diagnosis and Prevention (including screening)							30/10/2023	
	Early Diagnosis in symptomatic Lung Cancers - implementing & evaluating new, innovative ways into the lung cancer pathway		(1) Evaluation of the Self Referral Chest X-Ray (SRCXR) Pilot to be presented to the pathway board. (2) Expand the SRCXR pilot into a GM Programme that includes a lung symptom concern hotline, SRCXR & proactive safety netting after a normal Chest X-Ray in a single GM Service. (3) Evaluate the integration of AI CXR interpretation of CXRs in a GM Wide Pilot and present to pathway board.	Sarah Lyon / Rehan Naseer TBC TBC	31/03/2024			
	Increase knowledge and confidence in primary care in spotting signs & symptoms of lung cancer in never-smokers.		Deliver an education session for primary care on the signs & symptoms of lung cancer in never-smokers at a Cancer Forum Event to include the Ruth Strass Foundation	Matt Evison	30/06/2023	Complete		
	Increase knowledge and confidence in primary care in spotting signs & symptoms of lung cancer.		Refresh the Gateway Q Website on Lung Cancer and develop new fact facts to be uploaded onto the Greater Manchester Gateway Q Website.	Clinical Lead	31/03/2024			
	Inform and support patients when referred onto a lung cancer pathway (ZWW)		Patient information leaflet co-produced with Pathway Board GP Representative, Localities (commissioners) & Service Users. To be updated to GP System by Early Diagnosis Team	Jane Cronin	31/03/2024			
	Expand the Targeted Lung Health Checks Programme and ensure sufficient diagnostic and treatment service capacity to meet this new demand.		Ensure that Targeted Lung Health Checks deliverables align with Lung Pathway Board deliverables around symptomatic lung pathways by regular updates to the pathway board by the Targeted Lung Health Check Programme.	Clinical Lead / Olive Butterworth	31/03/2024			
Later Diagnosis (including BPTP) and Operational Improvement								
	Prioritize the expansion of a single specialist cancer diagnostics digital platform across the GM Cancer system. To design, build, integrate, provide education and implement a digital platform across all trusts in Greater Manchester with all referrals able to book directly into all available appointments across GM to deliver a single Q service		Pathway Board to support the design, implementation, evaluation & ongoing expansion of the Single Q Service by providing representation, as required, in diagnostic sub-groups with any relative actions for the pathway board to be presented at pathway board and agreed.	Clinical Lead / Jane Cronin	31/03/2024			
	Develop, rally & implement a new reflex testing protocol (reflex testing saves 6 days in the pathway on average) that includes a "rapid re-advocant pathway"		New Reflex Testing Protocol to be ratified by the Pathway Board	Matt Evison / Mayuri Basnet	31/03/2024			
	Complete self-assessment & action plans at individual locality and GM-wide against the GM Model of Care		a) Gap analysis to be undertaken in each of the providers with Pathway Board Trust Representatives to assist with data collection for baseline audit by liaising with departments within the Trust who are able to supply the data b) Gap analysis to be undertaken in primary care in 5 key areas as outlined in the Lung Model of Care. c) Pathway Board Trust Representatives to participate and co-ordinate appropriate attendance at site visits across 10 hospitals. This will assist the Lung Improvement Group to utilise the gap analysis to create action plans for each Trust to implement the recommendations in the Lung Model of Care.	Trust Representatives Ali Jones Trust Representatives	31/03/2024 31/03/2024 31/03/2024			
	Complete NHS England ctDNA pilot		Report GM results into pathway board and oversee adoption. <i>if funded by NIHR</i>	Matt Evison				
	Expand the One-Stop Lung Cancer Clinic to provide a neoadjuvant chemo-immunotherapy & surgery pathway & broader multi-modality treatment service with appropriate evaluation of impact.		(1) Sub-group to be formed to scope workforce, pathology, MDT requirements to optimise access to neoadjuvant treatments in line with NICE recommendations and deliver new treatments that significantly improve survival. (2) Lung Pathway Board Molecular Sub-group to be formed to develop updated reflex testing protocol and deliver the optimal pathway.	Matt Evison / Jane Cronin Mayuri Basnet		Complete		
	Implement a new "Rapid Small Cell Pathway" in Greater Manchester		Secure funding and support to test & evaluate a Rapid Small Cell pathway for Greater Manchester.	TBC				
Treatments and Care (including Personalised Care, Genomics, Treatment Variation - GRFT)								
	Expansion of Prehab4Cancer programme		Evaluation of Prehab4Cancer programme to cover patients with Stage III & IV disease who are on active treatment and for patients who have had surgery before commencing adjuvant treatment to be presented at Pathway Board.	TBC	31/03/2024	Complete		
	Patient Stratified Follow Up (PSFU): Once Personalised Stratified Follow Up pathway developed and built on infoclinx Board to support with promoting use of system with clinical teams		(1) Disseminate any communications produced by Personalised Care team within Trusts and Clinical Nurse Specialist groups (2) Ensure representation at 1,2 learn & share sessions (post infoclinx go live) to be held with Clinica for users to feedback any issues/updates required	PWB Personalised Care Representative / Miranda Breen	31/03/2024			
	HMA's & Personalised Care Support Plans for all patients: provide guidance when needed based on deep dives of data & performance.		Review deep dives of performance data (when provided by Personalised Care team) and support with development of action plans to increase performance.	Jane Cronin / Andrea Webber	31/03/2024	Complete		
	Standardise and implement use of Treatment Summaries: Review existing Treatment Summary templates, creating new where there are gaps. Board members to support engagement internally within corresponding teams & Trusts with use of Treatment Summaries.		currently in use Personalised Care team will update by exception PWBs which allow low utilisation numbers	PWB Personalised Care Representative & Andrea Webber	31/03/2024			
	GM collation of HWB services information - identify any tumour specific gaps:		Complete HWB self-assessment and have appropriate representatives be part of a task/finish group to agree and progress with an action plan responding to any gaps.	PWB Personalised Care Representative & Miranda Breen	31/03/2024			
Patient Engagement and Involvement, Experience of Care								
	Expand the Lung Cancer Small Community to contribute to Lung Pathway Boards, sub-groups and input into all aspects of the pathway.		Attendance by the 3 representatives at the PWB and their input into the PWB discussions/decisions, and 2-way sharing information between the Pathway Board and the small community	User Involvement Manager	31/03/2024			
Research								
	Publication of GM Cancer Lung Pathway Board Research / Audit / Pilots		(1) GM Reflex Testing and Genomic Pathway Audit, downstream effects & ctDNA Pilot. (2) Implementation of a one stop lung cancer clinic evaluation. (3) Prehab in curative intent oncology treatments. (4) Prehab in patients undergoing palliative SACT. (5) SRCXR Pilot (6) AI-CXR Pilot	Pathway Board Membership	31/03/2024			
Workforce and Education								
	Educational models driven by workforce need to be developed and launched through GM Cancer Academy		(1) Utilising the Lung Education Event, scope the main topics of education required. (2) Identify subject matter experts to provide clinical expertise to assist with developing 10 modules to educate the non-medical workforce in Lung Cancer.	Molly Pipping Jane Cronin	31/03/2024 31/03/2024	Complete		
	MDT Reform		(1) Audit of number of patients not requiring discussion at MDT following implementation of MDT standards of care to be presented to pathway board. (2) Support implementation of the patient impact statement. (3) Promote the use of patient resources (infographic & animation).	Gina Madera / Jane Cronin Gina Madera / Emma Halliyard / Jane Weir Gina Madera / Jane Cronin	31/03/2024 31/03/2024 31/03/2024			
	To support the recruitment, retention and succession planning of the Lung Nursing Specialist and improve patient experience		Lung CNS Caseload Project to be scoped across GM with links to the national work being undertaken by LCHS	Emma Halliyard / Jane Weir / Gina Madera	31/03/2024			
	GM Clinical Nurse Specialist away day		Promote and support the GM Clinical Nurse Specialist away day to inform and educate the GM Lung Nursing Workforce.	Jane Cronin	31/03/2024	Complete		
	Non-medical Referral for imaging pilot to support earlier diagnosis		Pathway Board to support the expansion of non-medical imaging requests by assisting on wider appropriate workforce rollout.	Clinical Lead	31/03/2024			
	Support the development of a lung specific capability framework for non-medical workforce		Identify subject matter experts to support the development of a tumour specific capability framework aligned to ACCEND for the non-medical workforce.	Gina Madera / Jane Cronin	31/03/2024			
RAG status	On track, if complete add 'complete' to the green RAG status Behind but have measures in place to get back on track Report concerns, action undertaken, if relevant, in red
