## Mandatory Information – will be returned if not complete

**Most patients will have investigations prior to having an appointment or during their first hospital visit. It is therefore important that patients are prepared for this and aware of the reason for their referral.**

1.	Has the patient been informed they are on a suspected cancer pathway, given appropriate support and advised they need to be available <b>at any time</b> within the next two weeks? If no, please explain why: <input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>
2.	Can the patient be contacted by telephone? If yes, and the number is different from above, please enter here: Landline Number: <input type="text"/> OR Mobile Number: <input type="text"/>  If NO, why and what is the preferred method <input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>

	of contact?		
3.	Can the patient be contacted by letter? Please expand below, if needed e.g. "Yes, but in preferred language", "Yes, but letter to be sent to GP Practice", etc.	<input type="checkbox"/>	<input type="checkbox"/>
4.	Has the parent / guardian been asked to attend the appointment?	<input type="checkbox"/>	<input type="checkbox"/>
5.	Have you informed the parent / guardian that appointments and tests may be arranged at any hospital across Greater Manchester? Initial appointments are still likely to be at your local trusts.	<input type="checkbox"/>	<input type="checkbox"/>
6.	Does the patient require Translation or Interpretation Services? If Yes, which language: <input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>
7.	Does the patient have any other health conditions, impairments or access requirements that may require support (e.g. physical/learning disability)? <input type="text"/>		
8.	Please list any safeguarding concerns (if any): <input type="text"/>		

## Referral Reason *(include relevant family history, previous history of cancer and all relevant investigations)*

**Please refer children age 10-16y with breast lumps to the breast service.**

## Referral Information

**Paediatric cancer can be aggressive and may need immediate assessment.**

Discuss children with the following symptoms **immediately** with the on-call paediatrician:

- Hepato-splenomegaly
- Leukaemia on FBC
- Abdominal mass
- Unexplained bruising
- Mediastinal mass or hilar mass on CXR
- Signs of raised intracranial pressure with a possible brain tumour

Discuss children with any of the other symptoms listed below **urgently** (same day) with the Paediatricians at your local hospital. They will help you arrange urgent admission, assessment, or out-patient appointment as appropriate.

**Please complete this proforma and send with the child.**

Patient discussed with:

Outcome of discussion	Yes	No
Admission	<input type="checkbox"/>	<input type="checkbox"/>
Paediatric assessment unit	<input type="checkbox"/>	<input type="checkbox"/>
Out-patient (send form via normal referral systems)	<input type="checkbox"/>	<input type="checkbox"/>
