

PPIE an Infographic January 2023 – May 2024

at the Greater Manchester Cancer Alliance

What is PPIE? **Patient and Public Involvement and Engagement**

PPIE is a term used to describe the participation of patients and the general public in the collaboration and coproduction of an organisations work programmes

102 Patient and Carer Representatives

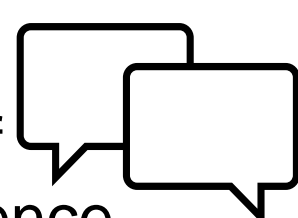

A Patient or Carer Representative is a volunteer who gives up their time to support alliance and Greater Manchester work programmes

34 Newsletters 

Newsletters are emailed fortnightly to Patient and Carer Representatives, the Greater Manchester Cancer Alliance workforce and a group of interested professionals to keep them up to date with our work programmes

4 Patient and Carer Representatives representing people affected by cancer at the National Cancer PPV Forum

The Patient and Public Voice Forum is a group of people with lived experience of cancer that influence the work of the NHS England National Cancer Programme

5 Coffee and Cake Events

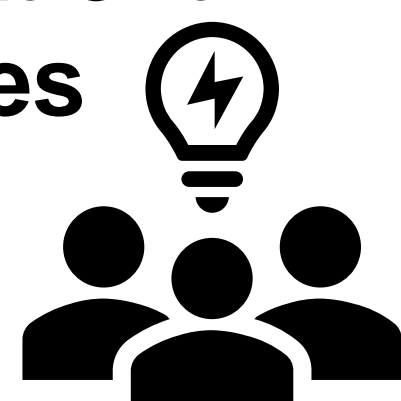

Coffee and Cake is a seasonal 'get together' giving Patient and Carer Representatives the opportunity to network, find out more about alliance work programmes and offers the PPIE team the chance to say thank you!

8 Small Communities 
35 Small Community Meetings

A small community is a group of Patient and Carer Representatives who have experience of a specific cancer/tumour type, who come together every few months to influence the work of the pathway board for that cancer type

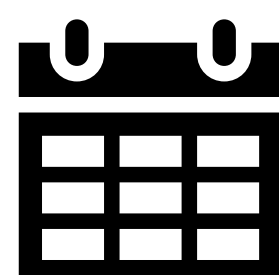

Examples of work our Patient and Carer Representatives have been involved in:

- Development of new services including a One Stop Lung Cancer Clinic
- New patient information, including about endocrine therapy
- New education modules and materials for healthcare professionals
- Early diagnosis campaigns including Sun Safety and #ThisVanCan prostate cancer awareness
- Lived experience videos including about surgery and radiotherapy
- Guest speakers at healthcare professional educational events
- Judges of the Greater Manchester Cancer Awards
- Greater Manchester Cancer Podcast guest speakers
- Jargon busters for Patient and Carer Representatives

Plans for 2024/2025

- Increased outreach and development of resources to expand and diversify the Cancer Voices Community
- New training and support including an induction programme, LGBTQ+ inclusion module and PPIE training for staff
- Development of Small Communities
