

Cancer Care Review Quality Improvement Project

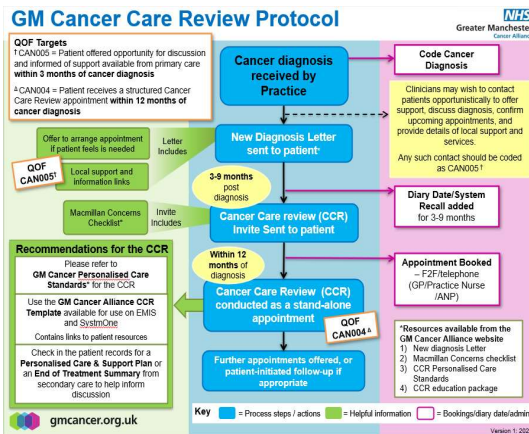

Heather Burghel, GP Fellow & Miranda Breen, Personalised Care Manager

Aim

To improve the value of Cancer Care Reviews (CCR) in primary care for people living with and beyond cancer in Greater Manchester

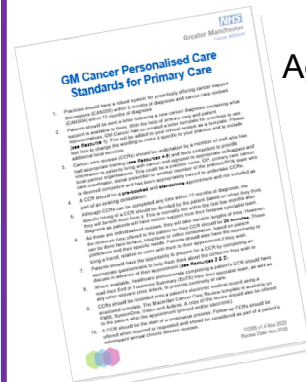

CCR Protocol

Developing a protocol for practices to support the CCR process

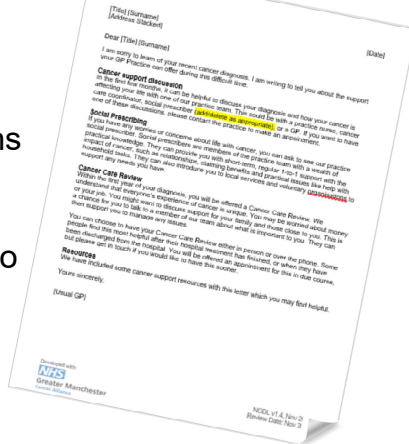

CCR Standards

Agreeing standards to improve the quality of CCRs in GM

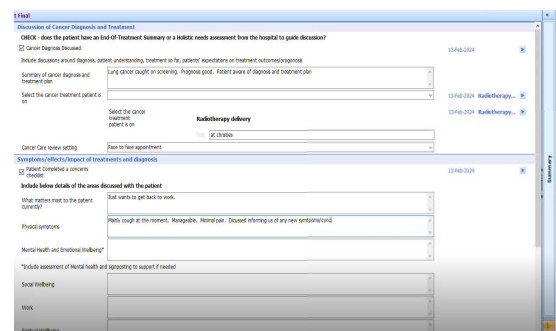

New Diagnosis Letter

Producing a practice letter to be sent to patients within 3 months of diagnosis, inviting them for a cancer care discussion. Uploaded to clinical systems April 2024.

CCR Template

Designing a new CCR template for clinical systems to facilitate the delivery of quality CCRs. Due to be uploaded in May 2024.

Consolidation

Designing and delivering an educational package to upskill practice staff (nurses, Care coordinators etc) in the provision of quality CCRs.
